- **Languages:** HTML5, CSS3, JavaScript
- **Frameworks/Tools:** React, Node.js, Express.js,
- **Version Control:** Git, GitHub
- **Database Management:** MySQL, PostgreSQL, MongoDB
- **Design:** Figma, Sketch
- **Development Tools:** npm, Docker
- **Soft Skills:** Communication, Critical Thinking, Problem Solving, Time Management, Project Management, Team Collaboration, Adaptability
- **Others:** RESTful APIs, AJAX, jQuery, GraphQL, Responsive Design, SEO Best Practices

Professional Experience

Full-stack Developer

Personal Experience | Online

February 2022– Present

- I have been responsible for creating and maintaining fully responsive websites and web apps using modern front-end tools such as HTML, CSS, JavaScript, and React.
- I collaborated with teams from various departments to understand client requirements, develop prototypes, and incorporate new features.
- We improved the performance and scalability of web apps, which made pages load 20% faster.
- I utilized back-end technologies such as Node.js and Express.js to establish connections with APIs and databases.

Frontend Developer

Digitechnik | Ekiti State, Nigeria

June 2025 – November 2025

- I contributed to the development of e-commerce websites by incorporating customized payment mechanisms and features for each client.
- I developed reusable code, underwent rigorous testing, and demonstrated optimal functionality and performance.
- I developed and tested websites across various browsers and devices to ensure their functionality and user-friendliness.
- I participated in agile sprints and effectively communicated with product managers and designers.

Education

Bachelor of Science in Computer Science

Ekiti State University, Ekiti State

Graduation Date: October 2025

Projects

E-Commerce Platform

- I developed a scalable online store utilizing React, Node.js, and MongoDB. The system integrates the payment gateway and order management system.
- Using strategies such as lazy loading and caching, I was able to optimize the page load time by 30%.

Portfolio Website

- I developed a personal portfolio website to showcase various web development projects. I utilized HTML, CSS, JavaScript, and Bootstrap to ensure the design was compatible with all devices.
- I incorporated a contact form and an interactive gallery to showcase my proficiency in both front-end and back-end development.

Certifications

- **Certified Full-stack Developer** – Udemy, *June 2025*
- **Ai Prompt Engineer** – Udemy, *October 2025*

Additional Information

- I am passionate about learning new web development technologies and keeping up with industry trends.
